The Instant Business Pack

CUSTOMER INFORMATION

Welcome to The Instant Business Pack

Instant Bank is both delighted and proud to offer those wishing to start their own business, this fantastic new Start-up Pack. It features everything that is required to get your new idea up and running including the basic funding. We hope this information will help answer your questions.

Gerry Boyle, Chairman. Instant Group

It is important to have your records and accounts kept in order and we'll be there with our UK associates to help and advise

**David Ogilvie, Senior Partner
Ogilvie & Co Chart Accountants**

We've been major players in the world of advertising for years and we're now here to help you advertise your new business as part of this new team

**Vic Covey, Principal
The Covey Agency**

All your printing requirements will be designed and supplied by us. I wish there was something like this around when I started out . .

**David Willis, Managing Director
The Adwill Partnership Ltd.**

Whenever your telephone rings, we'll be there to take your calls and messages 24/7.

What a fantastic package, my company is proud to be involved.

**Allan Walker Managing Director
Impact Solutions, Glasgow.**

What is The Instant Business Pack?

A comprehensive package, which contains everything, you need to start your own business

How is it different from other start-up products?

That's simple. It includes a team of support as well as the funding.

Do you give business advice?

All the advice you need in relation to business plans etc. can be had free from the many government advice agencies.

Who's involved in this?

You've already met some of the team but lets now list them all.

Instant Bank (Start-up loans),

One Card Banking (Business Current Accounts),

Impact Solutions (Call Centre telephone answering)

Adwill Media (Printing)

RFK Solutions (Web Site design).

The Caesar & Howie Group (Legal Advice),

Ogilvie & Co. (Chartered Accountants).

MWB Business Exchange Plc. (Office and meeting rooms).

How much does the package cost?

The Instant Business Pack is priced at £13,995.

Is the financial loan secured against property?

Yes. In today's market most loans are secured against property.

Can I pay this off early if I don't need it?

Yes. The finance to purchase The Instant Business Pack can be cleared by funds generated through the new business.

What are your interest rates like?

Our interest rates are in keeping with current rates on offer from other high street banks.

What happens when I apply to purchase the pack?

If accepted, your finance can be approved within 24 hours. After that the money is transferred directly to you, for your new business. A business bank account is opened and funds are transferred to it. A customer ID No. is allocated to you which is recognised by the team in general allowing them to work with you directly in getting your business started.

How long does it take for the team to get me started?

On average, you will be operational within 3 - 4 weeks.

When I'm up and running are there any additional funds or help available to me and my new business?

Yes indeed. As well as a client development director Instant Bank has a range of development loans and other forms of finance to offer.

I have my own money, can I just buy The Instant Business Pack using that, without the need to borrow?

Yes, of course. The financial loan is only offered to those who need it.

Can't I get this from any high street bank?

Good luck, we'll see you when you get back. Seriously, a package such as this, is only available from Instant Bank.

Will this guarantee my success?

No. We would never claim to offer that. However, we think with all that is contained in The Instant Business Pack, we can perhaps minimise the level of failure in relation to new start-ups.

How do I apply?

Simple. Just fill in the attached form and e-mail it to us.
